

Rider's Guide for WAYNE X-PRESS

Riding the bus is easy once you learn how!

Wayne X-press does use designated stops on certain deviated routes. Call Wayne X-press at (304) 429-0070 for more details on designated stops. Buses pick up passengers along a deviated route. Passengers should arrive at the area where they wish to be picked up at least five (5) minutes prior to the scheduled arrival time (see schedule for estimated arrival time). Due to safety issues, drivers are not permitted to pick up passengers that cross the street in front of the bus so all passengers must be sure they are standing on the correct side of the street which may depend on direction the bus is traveling. You must be clearly visible and must flag the bus down as it is approaching. Before boarding make sure it is the bus you wish to take. If you are unsure, ask the driver to assist you.

Please have exact bus fare or pass ready before boarding. The drivers can't give change. Bus Passes can be purchased by mail or at Wayne X-press 3609 Hughes Street Huntington WV 25704. Please call (304) 429-0070 for pricing information.

Just before you reach your destination, pull the stop request cord. Please be sure the driver has enough time to make a safe stop. The bus will stop at the nearest corner after the stop request has been activated by the passenger. After you exit, stand to the side of the road or on the sidewalk until the bus has pulled away. For your safety, do not cross in front of the bus and obey all traffic signals.

Deviation Routes

Passengers wishing to be picked up in parts of some routes marked as a "Deviation Area" on our route guides and maps must call the office at (304) 429-0070 prior to the bus leaving to schedule the pick-up. Passengers wishing to be dropped off in a deviation area must inform the driver at the time of boarding. Deviation Areas are up to $\frac{3}{4}$ of a mile off of published routes.
